Re: Notice of File Closure, Ron Farnsworth and Rocky Barney, ML 45726 Small Mining Project, S/039/005, Sanpete County, Utah

Dear Mr. Blake:

This is to notify you that on September 10, 1996, the Division performed a field inspection of Ron Farnsworth and Rocky Barney's ML 45726 small mining project, located in Section 32, T18S, R1W, Sanpete County. Mr. Farnsworth has requested that he be released from this project. IN checking over the site, there is one spot where it looked like he had a little bank pushed in order to load the loader on a flatbed, the little bit of disturbance had been regraded. There is an area about 150 sq. Ft. that has a few weeds on, otherwise, the vegetation looked like the surrounding vegetation.

The Division will close and retire this file. Mr. Farnsworth and Mr. Barney are hereby released from any further reclamation responsibility of this site. If the operator wishes to commence any mining related activity in the future, a new Notice of Intention will have to be submitted and approved prior to any work being done.

In our phone conversation on this date, you concurred with the release of this site. If you have any questions or concerns regarding this action, please notify me.

Sincerely,

Lynn Kunzler
Senior Reclamation Specialist
